EXT. ICE PRISON - 2027

Walter Cahill barely escapes and ice prison - and is out of control and out of his mind.

Surrounded by an ice prison - he checks his toolbet and gets out a walkie talkie -

WALTER

Hank! Hank! Can you hear me Hank!

Suddenly a man in an ice proof suit comes running down the vast tundra - planting little ice capsules among seemingly random spots.

INT. RESTAURANT - DINNER WITH THE BAD GUY

Walter stands across the room from the man from the dojo.

WALTER

I was a little upset before that you walked away - I am glad we got the opportunity to meet in person. Walter Cahill.

DOJO MAN

I know who you are.

The camera pans and sees that it is none other than pal-bot Randal - but a little bit older - with some damage. Randal and Walter make eye contact and Randal slides the red pal-bot cap across the table.

EXT. VAST LANDSCAPE

Dr. Matthews plants devices on the ground - from a tent off in the distance Walter stands with Lady Lynda - all bundled up because of the cold - slowly he removes his ski goggles and other protective face gear revealing his aged and chiseld handsome face. Walter Cahill - age 65.

The gang crowd around an old CRT machine that looks like it has been beaten by years of torn. Walter points something out on the screen.

WALTER
Wow - will you look at that.

Cut to

INT. GLOBAL MEETING ROOM

Walter walks up to the podium and address the board of world leaders.

WALTER
Hello everyone - thank you for
inviting me here today - it's been
a great experience so far - the
hospitality is second to none - I
really have enjoyed my stay so
far. Thank you.

Walter straightens his tie

WALTER
I understand the ethical dilemmas
behind the solution to address the
potential catastrophe at hand -
but the Commander's influence runs
deep. The commander has activated
Lady Lynda - who - as you know -
is humanities friend. And - I am
happy to report that I have spoken
with Lady Lynda - and she actually
has been really helpful. The tzar
from the old land gets up and
shouts at Walter.

TZAR

This is madness people - why
should we listen to this man - who
claims to speak on behalf of the
pal-bot - let the pal-bot speak
for herself.

WALTER

Listen - hey - before we all get
to testy in here -

TZAR

Let her speak! LET HER SPEAK!

The whole crowd looks to Walter - who looks to lady Lynda.

Lady Lynda gracefully shuffles in front of Walter at the
podium reaches over to grab the mic - and places her hand
over the microphone.

LADY LYNDA

(In a synthesized voice)

Hello everyone - fear not - we got
this under control.

TZAR

Under whose control?!

LADY LYNDA

Data Dreams

The whole crowd goes wild and begins to holler and rush the
stage. Lady Lynda activates defenssive mode and securely
escorts Walter out of the premises.

INT. DOJO

Walter looks confident as he stretches. He has been here
before.

INT. HALLWAY ESCAPE

WALTER

Wow - they didn't like that one
bit

LADY LYNDA

The permetier is insecure -Mr
Cahill - we need to go back to
base center nearby.

The two rush through a hallway and down the stairs to the back of a building to the back of a black suv. Walter

INT. BASECENTER

Walter walks over to Dr Matthews who is pouring over loads of computer screens. He is surrounded by a bunch of Pal-bots that furiously type away.

SCENE 3. INT. DATA DREAMS - SECURITY CHAMBER - SOMEWHERE LOCATED IN A THICKET WOODED OUTPOST - SOMEWHERE SECURE - SOMEWHERE NORTHERN CONNECTICUT

Walter runs wildly in the distance.

WALTER

Helpp helppp - is anyone there who
can help me?

EXT. WALTER'S ENCOUNTER WITH PAL-BOT PHIL

Walter Cahill walks in like he owns the place and puts down a bunch of papers on the table. It is a nice beer hall - and a nice place where they have

WALTER

Well, it's all on the table.

PAL-BOT PHIL

It's been a long time coming.

WALTER

I know that you aren't real - but
I wish you were Phil - you always
understand me.

Pal-bot phil walks over and pats him on the pat

PAL-BOT PHIL

Listen Walter - I have to go away
for a while - but you got this -
you have a big day ahead of you
and a bigger task at hand - I'll
be out there rooting for you buddy
- and when you need me - I'll be
there.

The two get off from the desk and turn around and look at each other for a hot second - and then turn around and go back to their desk.

EXT. ROOFTOP CAFE

People are mingling and living the good life of a working class professional amid the rooftop cafe. Pal Bot pool players are really liven the things up.

Walter and Dr. Matthews wait for their food at a food court - and are enjoying company with there Pal-Bots.

Everyone is out and about enjoying themselves.

Walter and his best buddy look back - and walter waves farewell to his wife - and now explains how he takes care of his mother in law - but its okay mostly.

EXT. ROOFTOP PARTY HALL

WALTER

Ladies and gentlemen. I want to thank you all for being here. Our announcer - Hank has been offering a few words.

Walter babbles on for a bit on the microphone - and then does a bit of a dance routine -

INT. LIBRARY BASEMENT

The basement, now a site of archaeological significance, is lit by the glow of portable lights. The team, expanded to include DR. MATTHEWS, FRACK, PENELOPE, and the LIBRARIAN, stands in awe around the unearthed artifact.

LADY L.Y.N.D.A interfaces with the artifact, awakening it. A holographic map of the cosmos unfurls in the air, with Gaiax highlighted.

DR MATTHEWS

This is beyond the wildest dreams of any theorist. Can you imagine what they must be thinking? The implications are staggering.

Penelope steps forward, her eyes reflecting the holographic lights, her curiosity piqued.

PENELOPE

(To Walter, excitedly)

Look at this, Walter! This map - it's not just a guide - it seems like an invitation! This could hold the secret to saving the earth!

LADY LYNDA

Sadly - I disagree with Penelope Mr Cahill.

WALTER

Dr Matthews what do you think?

DR MATTHEWS

It's a toss up Walter - it could go one way - or, it could go the other.

PENELOPE

Imagine what we could learn - this may lead for humanities understanding of its place in the cosmos. Walter, we could be the first to bridge the gap between our world and others.

WALTER

Lynda

LADY LYNDA

Yes

WALTER

What do you think?

INT. SHORELINE RESTAURANT - A NICE DINNER WITH THE MAYOR

Walter is having a nice time eating Fried Haddock and white Rice - while Dr Matthews nervously examine his oyster.

The mayor walks in.

MAYOR JUSTIN ELICKER

Mr. CaHill, Dr. Matthews, sorry I am late.

WALTER

It's no problem Mr Mayor - thank you for meeting with us both.

MAYOR JUSTIN ELICKER

Of course. I'm here. Did you get the news?

WALTER

Yes.

Walter and Dr Matthews exchange assuring glances at each other.

WALTER

We agree to program 500 Pal-bots to help with the city muniplicatiy work.

MAYOR JUSTIN ELICKER

That's very kind of you.

WALTER

Our pleasure.

Walter and Dr Matthew continue to exchange assuring glances.

DR MATTHEWS

Mr. Mayor - we have something we want to say.

MAYOR JUSTIN ELICKER

I'm listening.

DR MATTHEWS

We suspect that there is going to be a catarosphic ice age coming and that if our predictions - it could happen in as little as 10 days from now -

WALTER

It's true - and we have reason to suspect that a criminal mastermind who goes by the codename commander - is trying to sabatoge humanities last
